Legal Fund

**The following is a brief
explanation of the Rules and
Regulations of the Legal Fund
Committee.**

The Committee consists of (3) members each serving a three (3) year term. The purpose of the Legal Fund is to provide working code officials who are members of our association for at least one full year, assistance in defraying any legal expenses incurred in the defense of his/her official position. **IT IS NOT INTENDED TO PAY ALL LEGAL COSTS.** The request for assistance must be in writing to a member of the committee who will meet to evaluate the potential impact that a decision may have on code enforcement. Any denial by the committee may be appealed to the Executive Board. If assistance is granted, a one hour meeting is scheduled with our associations attorney. The cost is paid from our attorney's retainer fee. If it is decided to proceed, the committee may pay for costs up to three thousand dollars (\$3000.00). Any additional costs will require a majority vote by both the committee and Executive Board. For a full copy of the Legal Fund Guide Lines or any questions, contact any member of the committee or go to the web site.

The only State Association Recognized by the Department of Community Affairs

The New Jersey Building Officials Association was established in 1929. We are a not-for-profit organization recognized as a chapter of the International Code Council, and are devoted to protecting the health, safety, and welfare of the public, by promoting professionalism, education, and ethics. NJBOA's Active Membership is comprised of licensed Code Officials and Inspectors of all disciplines, as well as Technical Assistants. We have Associate, Subscribing, and Honorary memberships available to others engaged in the building industry, including housing, planning, zoning, and manufacturers' representatives. As always, we welcome people from many career backgrounds to consider joining our organization, or come to any meeting as our guest. As we approach our 94th Anniversary, NJBOA is proud to be the **only** statewide association, inclusive of Code Officials and members of diverse backgrounds, that is recognized by the Department of Community Affairs. NJBOA will continue to actively support and participate in the Building Safety Conference of New Jersey, as we have done for 35 years. NJBOA is an organization that remains strong

in membership, and have welcomed an increase of new applicants this year. NJBOA is a tried and true brotherhood whose success is written in our legacy. The NJBOA Executive Board would like thank our members, Past Presidents, and communities, for their unwavering support, which has helped pave the way to its success thus far. NJBOA will continue to forge ahead with strong leadership and the proven confidence of its.
